

Healthcare Tutor (NHS & SocialCare)

Job Description

Job Overview

Work Ready are recruiting Healthcare Trainer / Social Care Trainers!

We have short term contracts (2-4 weeks) and also longer term contracts (2-3 months) - what works best for you? (Part-time, fixed term contracts).

Let us know - let's chat!

If you passionate about the NHS, health and social care, and helping people into health and social care careers - Work Ready wants to hear from you!

Our Company

Work Ready is an established, social business that specialises in connecting job-seekers to career opportunities through an innovative employer-led training format.

We help individuals from all backgrounds to move forward in their careers - including individuals from disadvantaged, non-traditional backgrounds - helping to build work-readiness skills with mentoring employers, and earn sector relevant qualifications.

Our training model has been developed over six years, and supports hiring clients, cross sector, including: 'Apple Tech Camp' 'TFL Transport Camp' and 'NHS Healthcare Camp'.

Each skills training programme, aims to inspire participants, and increase social mobility - we deliver a recognised employability qualification, and coach job-seekers on the group exercises that are set by the employer in their recruitment process. We then deliver recognised industry qualifications. This gives participants a first-hand insight into the roles, and values of the organisation - preparing them for interview.

We work with employers, who wish to develop their community and improve Diversity & Inclusion workforce planning, policy and practice in their organisation. In the NHS, our work amplifies NHS Widening Participation community engagement programmes.

Healthcare Tutor (NHS & SocialCare)

Job Description

Required Skills

You will have experience of teaching and delivering, healthcare service qualifications, and hopefully including employability qualifications delivery.

(You will know the difference between Entry 3 and Level 3).

You will be:

- Passionate about helping individuals into employment
- Have experience of organising training programmes - teaching HSC related courses
- Have a background as either a trained educator, or in community skills training.

Delivery

Please note, you will be required to deliver in-person training - to establish a rapport with learners, and to build relationships with the rest of Work Ready delivery team.

We have NHS contracts across the South East of England, so please let us know your:

- (A) home location and
- (B) willingness to travel to our training centre (close to our employers place of work).

Pay

£125.00-£175.00 per day / depending on experience
